

Thank you for your interest in RMA Technologies. RMA Technologies brings innovation and experience to electronic product design and manufacture, all with a careful emphasis on quality and service. Since 1988 our clients and projects have included IBM Canada, COMDEV, Keene Widelite, and numerous other small and large manufacturing companies.

RMA Technologies can serve as the entire electronics engineering and manufacturing department for your product. We have the experience, facilities, and methods to assist quickly and efficiently with your: one off design or project, existing design problems, new product development, small or large volume manufacturing, or to simply compliment your own design staff.

## Custom Electronics from RMA Technologies™ will:

- **Improve Your Product**  
Add Intelligent Features and Self Diagnostics with a Microprocessor, Display, and Softkeys
- **Reduce Assembly Time**  
Eliminate Time Consuming Wiring with Reliable and Efficient Printed Circuit Boards
- **Increase Your Profits**  
Replace and Combine Commercial Timers and Controls with Your Own Proprietary Design  
Add New Features - Increase Reliability and Profits

## Since 1988 We Have Been Offering:

- **Product Engineering**
- **Electronics Hardware & Software Design**
- **Printed Circuit Board Design**
- **Electronics Procurement**
- **Manufacturing**
- **Test & Repair Services**
- **Microprocessor Control**
- **Smart Custom Membrane Control Panels**

## Good Reasons to Use RMA Technologies™:

- **Hire Your Electronics Staff Only when Needed**  
Hire a senior design engineer with complete support staff and facilities only when needed  
Your solution will arrive faster with fewer problems and at a lower total cost
- **Solve Your Problems with What We Know**  
Use our diverse experience and knowledge of electronics to get the best ideas for your product
- **Use Our Experience and Proven Methods**  
Benefit from our checklists and procedures that anticipate problems to reduce costs, and time to market

RMA Technologies has the experience, facilities, and methods to help you quickly and efficiently. For quality and service please call us at 1-800-291-0235 or visit our website at [www.rmatechnologies.com](http://www.rmatechnologies.com).

Sincerely,

J. Randall MacDonald, P.Eng.
