

Turn Some Heads™

Advertise your Site with an Audio Song Bench™

With a custom background graphic in a busy location

Get Attention and Boost Attendance!

Comes to life with music, sound effects, or narration when a guest is seated!

- **Advertise, Educate, or Entertain™** to promote new areas or attractions in your park!
- Now you can add fun and excitement with sound effects, narration, or music
- Our **Kidsensor™** capacitive sensors electronically detect a person through the wooden seat to activate MP3 stereo sounds from our **Sound Byte Player™** MP3 Audio Player.
- Each seat can have its own fixed or rotating sound tracks and can even “attract” attention with a special timed mode that plays when idle for a length of time.
- Easy updating of sound tracks or modes of operation with a removable SD Flash Memory Card and a personal computer.
- **Audio Song Bench™** is made from “IPE” (pronounced “eee-pay”) an incredibly durable hardwood and has a powder coated steel frame with weatherproof enclosures.
